

NEW!

TURN YOUR COOLER INTO A PORTABLE REFRIGERATOR!

Turn your cooler into a portable refrigerator with out electrical power. Our stackable, interlocking and interchangeable .080 aluminum trays move the cold from the ice in the bottom to the top of the cooler. We have sizes for all coolers. The typical set up is one thin and one deep tray. The cutting board is a nice option as it offers a place to prepare items and then stores neatly back in the cooler.

- 12 sizes for all makes and models of coolers
- Food Grade Prep/cutting board
- Powder coated for easy cleaning
- Locking tabs to hold trays in a stack
- White to reflect sun's heat when exposed
- Rolled edges to protect hands and no hard corners to protect cooler
- Hard .080 aluminum for durability and conductivity
- Double Depth for large rigging bait or boxes of bait
